Letter No. 3509—350, dated 20th March 1894, from the Excise Commissioner in Mysore, submitting for orders copy of correspondence between himself and the Deputy Commissioner, Tumkur District, regarding the grant for cultivation of certain lands containing date trees in the Kunigal Taluk.

No. 16656-7—R. F. 132-93, DATED, BANGALORE, 30TH MARCH 1894.

ORDER THEREON.—The Deputy Commissioner's action in selling the lands in question, though there are date trees on them, is in accordance with rule. By orders of 19th April 1889 the Government decided what lands in the Tumkur District should be reserved for the purpose of the Toddy Revenue. Lands not so reserved the Deputy Commissioner was at liberty to dispose of.

2. Rule XI of the Rules under the Land Revenue Code which Mr. Ricketts quotes was framed with the object of making the necessary future reservations, but when such reservations had already been ordered, the Rule could have no application.

3. Absence of information in the Excise Office regarding reservations already ordered is not satisfactory. The orders of 25th February and 19th April 1889 regarding reservations in the Shimoga and Chitaldroog Districts and afterwards in the Tumkur and Kadur Districts were issued in manuscript. These orders are referred to in para 5 of the printed Proceedings of 8th June 1889 which dealt with the Toddy Groves of Bangalore and Kolar.

*Proceedings of the Government of His Highness the Maharaja of Mysore,  
(Revenue),—dated 30th March 1894.*

4. The Excise Commissioner will be requested to carefully scrutinize the lists of existing reservations and report at an early date any additions to them which he may wish to make in the interests of Excise Revenue.

5. In the case now under reference, of the waste lands of Hurle Medu and Rambanhanta assessed at wet rates, the Deputy Commissioner will be requested to report at once upon the following points:—

- (1) The price obtained for these lands.
- (2) Whether the sale has been completed by delivery of possession and if so, when? Has the purchaser begun cultivation, and if so, when?
- (3) Why some discretion was not used, as the lands though not reserved were being actually used to supply two shops with a monthly revenue of Rs. 75?
- (4) The Deputy Commissioner will further report if the sale can now be cancelled without undue hardship to any party, and if the sale is likely to affect the Toddy Revenue from the two shops above referred to.

An early reply is requested.

To—The Excise Commissioner in Mysore.  
The Deputy Commissioner, Tumkur District.

No. 16658-66—R. F.132-93, DATED, BANGALORE, 30TH MARCH 1894.

ORDER.—By orders noted in the margin certain lands containing date trees were reserved for the purpose of Toddy Revenue in the Districts of Shimoga, Kadur, Chitaldroog, Kolar, Tumkur and Bangalore, and the Deputy Commissioners of those Districts were permitted to give out for cultivation all other lands though they might contain date trees. Since these orders were passed, there has been a change of system in the management of the Toddy Revenue.

2. Pending a revision of the lists of reserved lands sanctioned in 1889, the Deputy Commissioners are requested to hold in abeyance the disposal of other lands containing date trees, *should such lands be actually used for the supply of any Toddy shops under the present system.* All such lands should be added to the list sanctioned in 1889 and the Deputy Commissioners should submit at an early date through the Excise Commissioner for the formal sanction of Government complete lists of reservations they would now recommend, showing separately the lands reserved in 1889 and now recommended to be reserved.

The report on the audit of accounts of the several Minor Municipalities of the Bangalore District, for the year 1891-92, received with the Deputy Commissioner's Dockets, dated 23rd January, 3rd and 26th April 1893, Nos. 684, 967 and 1083 respectively.

No. 14961-2—L. F. 206-92, DATED, BANGALORE, 10th MARCH 1894.

**ORDER THEREON.**—Government generally approve of the instructions issued by the Deputy Commissioner on the Auditor's report.

2. In several cases, vouchers are stated to be missing and Government trust that the Deputy Commissioner will take due notice of the same. He should submit a statement of the sums for which vouchers are not forthcoming and state whether in his opinion they have been duly disbursed.

*Proceedings of the Government of His Highness the Maharaja of Mysore,  
(Local Boards Branch—Municipal),—dated 10th March 1894.*

3. The Education Secretary is requested to report whether the sum of Rs. 243 paid by the Amildar of Kankanhalli to the Deputy Inspector of Schools for the repair of the Municipal English School has been credited in the accounts and accounted for. Such payments should always be made by Book transfer.

4. In regard to the disbursement made by the Amildar of the Magadi Taluk without the permission of the Deputy Commissioner, of Rs. 10 on account of compensation to 2 individuals out of the provision made for repairs, it should be reported what the compensation was for.

5. The payment made by the Amildar of the Closepet Taluk of Rs. 67-8-0 on account of the pay of the kayam Kamatis was not only unauthorized but also opposed to the orders of the Deputy Commissioner and what is worse is its being shown under "Compensation". Unless the Deputy Commissioner is satisfied that the entry was a *bona fide* error, the Amildar should be called upon to refund the amount. If he is satisfied that the amount was actually spent, it should be transferred to "Road repairs".

6. The unspent balances of former years in the Municipalities noted in the margin should at once be credited to the accounts. The Deputy Commissioner is requested to explain why the practice of drawing money at the end of the year and keeping the same in deposit for expenditure in the following year was allowed to continue in spite of the repeated orders of Government to the contrary.

| 2. Dodballapur ... | 601 | 2  | 2  |

7. The Auditor brings to notice that the pay of Rs. 5 sanctioned for a Mutsaddi in the Budget of Nelamangala was divided between Mohatarfa Shanbhog and the Patel of the town at Rs. 3 to the former and Rs. 2 to the latter, the name of the Shanbhog only being entered in the Baraward. The Deputy Commissioner is requested to stop the practice and submit a report if the Mutsaddi already sanctioned is not required.

8. Duplicate vouchers suggested by the Auditor are unnecessary.

9. In a few Taluks the Municipal boundaries are stated not to have been marked out. The boundaries should be marked out as soon as possible.

10. It is stated that notice fees and interest recovered on Mohatarfa and a moiety of the sale proceeds of Amarayi within the Municipal limits are credited to Land Revenue Provincial. The authority under which this is done should be quoted.

11. An abstract statement of receipts and disbursements corrected with reference to the foregoing remarks and the orders already passed by the Deputy Commissioner should be submitted. In this, the sums not actually spent within the year should not be shown under disbursements and any difference between the sums actually spent and those already shown as disbursements should be shown as balances on hand and the date on which it has been refunded to the Treasury noted.

Letter No. 579, dated 17th November 1893, from the Deputy Commissioner, Mysore District.

With reference to Government Proceedings noted in the margin, I have the honor to state that in para 2 of the Proceedings of Government No. 6567-8 —400, dated 15th November 1889, the Sub-Division Officer, French Rocks, was constituted the President of all Municipalities in his Sub-Division, the several Amildars being Vice-Presidents of those situated within their Taluks and that the Deputy Commissioner was to have a general control over the whole as the President of the Municipalities of the entire District, as in latter Proceedings in question, no allusion is made to this order though their effect is to modify the arrangement therein made. I beg to bring the same to the notice of Government for passing such orders as they deem proper.

No. 15108-16—L. F. 153-92, DATED, BANGALORE, 13TH MARCH 1894.

Letter, dated 22nd January 1894, No 495, from the Deputy Commissioner of the Hassan District.

I have the honor to submit that during the Jamabandi of 1892-93 of Hassan Town Municipality, the Tailors owning machines and plying their trade for wages complained to me that they have all been charged with shop taxes. These men work without any capital and they are merely making use of their machines in stitching, for which they receive wages. It was on this consideration these were exempted from the shop tax as was ordered by Government in the case of blacksmiths. These men require no capital for the profession they had.

2. On a reference to the Presidents of Bangalore and Mysore City Municipalities, I am informed, that there is no fixed rate of tax for these tailors, but the tax is levied according to the extent of their business. Copies of letters Nos. 225 and 518, dated 12th and 15th September 1893 respectively, are enclosed for information.

3. I beg to state further, that there are some tailors who own piece-goods shops and in addition make up suits, &c. Shop tax is levied from them without any exemption whatever. Two taxes, one for the shop and the other for profession, are, I believe, prohibited.

4. I request you will be good enough to obtain orders of Government in the matter for future guidance.

No. 15225-32—L. F. 410-92, DATED, BANGALORE, 14TH MARCH 1894.

ORDER THEREON.—The action of the Deputy Commissioner is correct and approved.

READ :—

Letter, dated 18th July 1891, No. 343, from the Deputy Commissioner of the Mysore District.

With reference to Government Order No. 3903—142, dated 4th instant, drawing attention to Subject No. 227 brought up at the Meeting of the Dasara Representative Assembly held in October last, (Relief to the Seringapatam Municipality of the Town Police charges,) I have the honor to

state that I have, as Sub-Division Officer, submitted a detailed \*report on the subject, copy of which is enclosed for reference.

2. It is my opinion that the Seringapatam Municipality will never be able to show any improvement unless its finances are properly balanced. It will be seen from the statements of receipts and expenditure, that the annual income is Rs. 9,707, and the expenditure, including Public Works, is Rs. 10,823.

3. I have noted in the margin the average receipts and expenditure (exclusive of the Public

RECEIPTS.

Works) during the past five years, and you will observe from these figures that permanent expenditure alone comes to Rs. 8,606—12—9, leaving a small balance of Rs. 1,000 and odd for Public Works; and this sum is not even sufficient for the up-keep of the Town roads already made. The expenditure of the past five years shows that on an average Rs. 2,482 in round numbers are absolutely necessary for the annual maintenance of the roads and drains already in existence, and unless this sum is spent, the roads, &c., must go on deteriorating year by year. If the Municipality is relieved of the cost of Town Police, which comes to Rs. 2,616, it will be in a position to keep its roads, drains, &c., in a proper state of repair, and at the same time lay out a sum of Rs. 1,000 or so on new works, maintaining the usual opening balance of Rs. 25 to 30 per cent of the annual income.

4. I would therefore strongly support the prayer of the towns-people.

5. The Sub-Division Officer, French Rocks, concurs with me in saying that the relief sought for should be granted. A copy of his \* letter on the subject is also

ORDER THEREON.—Under the circumstances explained in the above, Government are pleased to sanction the proposal of the Deputy Commissioner to relieve the Seringapatam Municipality from the cost of the Town Police from 1st July 1894. The Inspector General of Police is requested to include the cost of the Town Police of Seringapatam in the Police Budget from the next Official year.

- (2) Letter from the same Officer, dated 17th July 1893, No. 87, requesting early orders on the above as the President of the Mysore City demands the early adjustment of his claim.

No. 15825-6—L. F. 253-92, DATED, BANGALORE, 22ND MARCH 1894.

**ORDER THEREON.**—Government observe that the House tax in the Mysore Municipality is levied under the old Mohatarfa rules and not under the Municipal Regulation, and so no Government building is liable to the tax.

2. The taxes on animals and vehicles are also levied not under the Regulation, but under the late Chief Commissioner's Orders of 1871. Although animals and vehicles belonging to Government are not specially exempted from taxation in the order above referred to, still it was clearly not the intention of Government that any tax should be collected on them, and in fact no tax was ever collected on them. The Mysore Municipality cannot therefore now impose any tax upon them. It is for the Government to give the Municipality such help from time to time as it may deem reasonable after due consideration of the requirements and resources of the Municipality and this the Government has done in the past and will continue to do in future.

**ORDER THEREON.—Octroi.**—As Government share of Octroi revenue on Sayer articles has been made over to the Municipality in Proceedings, dated 6th October 1893, Camp No. 27-32, the President is requested to state the amount by which the sanctioned estimate under each sub-head has to be raised on this account. Pending information, the original estimate will stand.

(2.) **III. License Receipts.**—Under the circumstances now stated, the estimates under "Liquor Licenses" and "Slaughter house fees" will be raised from Rs. 13,000 and 2,500 to Rs. 14,000 and 3,000 respectively.

(3.) **VII. Mohatarfa.**—The estimate proposed, *viz.* Rs. 17,400, was raised to Rs. 19,600, owing to the increase in the actuals of 1891-92. But the President now explains that the actuals included the arrears of previous years collected during the year amounting to Rs. 2,157 and recommends the retention of the original estimate. The proposal is sanctioned and the estimate reduced to Rs. 17,400. In future, every variation between the actuals and estimates should be explained in the remarks column of the Budget Statement No. 1 or in a separate memo.

No. 15404-13—L. F. 13-93, DATED, BANGALORE, 16TH MARCH 1894.

ORDER THEREON.—In his letter, dated 10th July 1893, No. 122, the Senior Surgeon brought to the notice of Government that the Hospital wards attached to Local Fund Dispensaries were being occupied by paupers and sick strangers and that if this were to continue, the respectable inhabitants of the several Districts, for whose benefit they were primarily and mainly intended, would not resort to them. The letter was communicated to the Presidents of the several Local Fund Boards for their remarks and suggestions and the letters and dockets recorded above are in reply.

2. Most of the Deputy Commissioners consider that sick paupers might be accommodated in Musafarkhanas or Chattrams, which are to be found almost at the Head-quarter of each Taluk and some consider that separate wards should be built for the poor.

3. Government observe that the Local Fund Dispensaries are intended only for out-door patients and wards have been attached to them recently for the accommodation of patients in emergent cases requiring immediate and constant observation. Government cannot at present undertake the construction of separate wards for the sick poor nor are they disposed to rule that paupers should never be admitted into the wards attached to the Local Fund Dispensaries. The Presidents of the District Fund Boards will be requested to obviate the evil complained of by the Senior Surgeon by accommodating the sick poor in Musafarkhanas or Chattrams wherever possible, so that the wards may be available for the middle classes in emergent cases.

No. 15602-11—L. F. 322-92, DATED, BANGALORE, 19TH MARCH 1894.

**ORDER THEREON.**—From the papers read above it appears that the salaries of some of the servants attached to the 3rd Class Travellers' Bungalows are charged to District Funds, while those of the others are debited to Provincial Funds. The cause of this is not known. Probably all establishments existing from a period anterior to the formation of District Funds continue to be charged to Provincial Funds, those subsequently sanctioned being borne by District Funds. To secure uniformity, Government direct that from 1894-95 the establishment and *maintenance* charges of all 3rd Class Travellers' Bungalows and Musafarkhanas be debited to District Funds, and that those of all second and first Class Bungalows be debited to Provincial.

Letter from the Deputy Commissioner of the Chitaldroog District, dated 19th October 1893, No. 316—372, submitting a list of incomplete works of the previous years requiring to be completed during 1893-94, and requesting that the sum required therefor, *viz.* Rs. 6,085, may be treated as an addition to the current year's grant of Rs. 15,000 sanctioned from Local Funds General, as otherwise several important works of pressing necessity will have to be put off owing to the insufficiency of funds.

No. 15322-3—L. F. 128-93, DATED, BANGALORE, 22ND MARCH 1894.

ORDER THEREON.—For the completion of the marginally noted three works, Rs. 1,294 are stated to be necessary in addition to the estimates sanctioned therefor. The Deputy Commissioner is requested to expedite the submission of revised estimates for each of the works. On their receipt the necessary funds will be allotted.

- (1) Letter No. 2399—611, dated 17th January 1894, from the Deputy Commissioner, Kolar District.

With reference to Government Proceedings No. 9542—L. F. 337-92, dated the 19th December 1893, directing that the services of the Midwife at Kolar should also be utilized in the outlying villages of the Taluk, I have the honor to request that the female Hospital Assistant appointed to the charge of the Dispensary recently sanctioned for women and children at Kolar may be directed to attend free of charge the labor cases in the town and such other patients, women and children of course, that may not be able to attend the female Hospital owing to the serious nature of the disease. The Hospital is opened especially for the benefit of the weaker sex and children and until medical aid is rendered in such cases in their own houses the benefit of the Institution would be limited. I would recommend the extension of the concession of free attendance to all patients, women and children, as it would be no easy task to draw the line of distinction between those who are able and those who are not able to pay the Hospital Assistants' fees, at least for a year or until such period that the Hospital is freely resorted to by the patients for whose benefit it is opened.

- (2) Letter No. 2217, dated 16th February 1894, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

With reference to Proceedings of Government and Order thereon No. 13492-3—L. F. 337-92 Enc. 1, dated, Bangalore, 13th February 1894, I have the honor to state, as the head-quarters of the midwife are at Kolar itself where she would probably be the greater part of her time, I see no object or advantage in relieving her of the duty, when she happens to be present of attending labor cases in the town and handing them all over to the female Hospital Assistant.

2. On the contrary, I think it would be objectionable as it is perfectly possible, and even probable, that many would prefer the services of the native midwife, and if she is not a native she ought to be, whom they could accommodate much more conveniently in their houses than those of the Hospital Assistant, who is a Eurasian, and there is the further disadvantage that if the Hospital Assistant had to attend all labor cases, while the midwife may perhaps be in her house doing nothing, she (the Hospital Assistant) would probably have in consequence to be absent from her duties of attending to the sick more frequently than would be desirable, as women generally like to have the midwife with them for some days after delivery.

3. I am therefore of opinion for these reasons that it would not be advisable to accept the recommendation of the Deputy Commissioner, and that it would be better to let the midwife work with and under the Hospital Assistant, as is done elsewhere, and let the people call whichever they please, and let such one attend on the understanding, as is the case in all other places, that if the midwife is attending on a case, which, for any reason may be beyond her capacity to deal with, she shall summon the Hospital Assistant to advise and assist her and the latter, if she should find herself in difficulties, shall advise the patient and her friends to summon the Assistant Surgeon or Civil Surgeon as the case may be and so forth.

4. These are the general rules laid down by me, and the necessity for observing them is impressed on every midwife that I have had to do with on her proceeding to her charge, and on every Hospital Assistant, and as they are I think good, they ought to be allowed to stand.

5. Of course if the midwife should happen to be absent from the town, on duty out in the Taluk, or for any other reason, the female Hospital Assistant would then attend any cases in the town to which she might be summoned, but otherwise I think it would be better to do as above advised.

6. Before the Government Order was issued placing the Midwives under the almost complete control of the Deputy Commissioner, I had arranged that the Midwife at each Taluk head-quarters, or wherever there is an Hospital or Dispensary, should, when she was not engaged with any case, attend every morning at the Hospital or Dispensary so as to learn a little dressing, or other useful knowledge, and at the same time give such help as she could in small way to women and children attending for treatment, and this practice is still continued.

7. As regards gratuitous attendance on women and children, or any others, in their own houses, who, owing to the serious nature of their diseases, may be unable to attend the Dispensary, I would remark that this is the rule throughout the State and I wonder the Deputy Commissioner is not aware of it. If he knows of instances where medical aid has been refused under these circumstances, he has never informed me of them either directly, or indirectly through your office.

8. As regards the general question of fees for medical attendance on persons who are not officially entitled to it, I shall be very glad if Government will be pleased to frame some rules on the subject. My opinion is that the only persons who have real reasons to complain in this respect are the District medical subordinates themselves.

*Proceedings of the Government of His Highness the Maharaja of Mysore,  
(Local Boards Branch—Local Funds),—dated 28th March 1894.*

9. Private and non-official persons they do not complain of, but they do of officials, and well placed officials too, in respect of attendance on their families.

10. For obvious reasons they do not ask for their fees in these cases.

11. If they were to do so probably the place would be made too hot for them, and they think it wiser, and probably they are right, to keep quiet. But they nevertheless feel that they are wrongfully deprived of what they might legitimately look upon as a means of adding a little to their very moderate incomes in the shape of small remuneration for their private services.

12. I do not for a moment mean to imply that these remarks have any application to the Deputy Commissioner of Kolar. My object in making them is that this question of gratuitous attendance crops up here and there so often that it is calculated, or intended to convey the idea that the medical subordinates are unworthy and avaricious persons from whom it is necessary to protect the public.

13. My opinion of them as a body is not that by any means. I consider them a most worthy and useful class of officials, and less avaricious than any other of the same standing in the Province, and that their rights, as recognized and sanctioned by Government, require some protection from some, with whom, because of their official position, &c., they dare not fall out.

READ THE FOLLOWING LETTERS:—

- (1). Letter No. 2161, dated 17th July 1893, from the First Assistant to the Resident in Mysore, to the address of the Dewan.

With reference to correspondence ending with your letter No. 33, dated the 24th April 1893, I am directed to state that the Government of India to whom the proposals made by Messrs. Kirby and Lonsdale for the construction of the marginally noted railways were forwarded by the Madras Government, have informed Mr. Lonsdale that they are unable to consider the application unless full and definite proposals for constructing, stocking and working the projected railways are submitted. A copy of the letter addressed to Mr. Lonsdale by the Public Works Department of the Government of India, is enclosed for the information of the Darbar.

From Arsikere to Mangalore via Hassan.  
From Hassan to Mysore.  
From Nanjangud to Erode Junction.

2. The Government of India have, however, asked the Madras Government for full information regarding the prospects of traffic on the several sections of the proposed railway and regarding the terminus and port accommodation at Mangalore, particularly with reference to its accessibility at various seasons of the year and facilities for shipping and landing merchandise from large vessels. To enable the Government of Madras to make a complete report on the subject, I am to request that you will be so good as to furnish this office as soon as practicable with information as to statistics and prospects of traffic—

between Arsikere and Mangalore.

Letter No. 565 R. C., dated the 5th June 1893, from the Secretary to the Government of India, Public Works Department, to W. Lonsdale, Esqr., Conservative Club, Saint John's Street, London, S. W.

I am directed to refer to your letters, marginally noted, to the address of the Joint-Secretary to the Government of Madras, Public Works Department, asking for the grant of a concession for the construction of the following lines of railway:—

Letter, dated 25th March 1893.  
Do 19th April 1893.

- (I) from Arsikere Station on the Southern Mahratta Railway, via Hassan, to the port of Mangalore ;
- (II) from Hassan to Mysore ;
- (III) from Nanjangud to the Erode Junction Station.

2. In your letter, dated 19th April 1893, you alter indefinitely the original proposals submitted by Mr. Kirby for the construction of these lines without a guarantee, by stipulating that those proposals should be considered as having been made subject to certain terms to be granted to promoters of railways in India, which terms you understand have recently been forwarded for sanction to the Secretary of State for India.

3. In reply, I am to inform you that the Government of India are unable to consider your application for the grant of a concession for the construction of the railways in question unless you submit definite proposals (in the prescribed form laid down for the guidance of promoters when making proposals for the construction of railways, copy enclosed herewith) for constructing, stocking and working the projected lines. If it is intended that the railways when completed should be worked by the agency of any existing railway administration, such administration should be specified in the proposals, with full particulars of the terms for working.

4. I am also to enquire whether the promoters will be prepared to bear the cost of the surveys, which are being carried out under the orders of the Government of Madras, and such further surveys as may be necessary in connection with their proposals, on the condition that if the project is sanctioned and carried out, the cost of the surveys shall be included in the Capital cost of the undertaking.

*Proceedings of the Government of His Highness the Maharaja of Mysore,  
(General),—dated 9th March 1894.*

- (2). Letter No. 58, dated 1st August 1893, from R. Vijayindra Rao, Esqr., on Special Duty, to the Chief Secretary to the Dewan of Mysore.

I have the honor to reply to your Memo. No. 1298-300—G. F. 9-93, dated 20th ultimo, calling for traffic statistics in connection with the proposed lines of railways from—

1. Arsikere to Hassan.
2. Hassan to Mangalore.
3. Hassan to Mysore *via* Holé-Narsipur and Yedatore.
4. Nanjangud to Erode, *via* Kollegal or *via* Satyamangala.

2. Daily statistics should be compiled, I think, under the following heads:—

1. Number of goods-carts which daily pass on the lines, description of goods, whence exported and whither to import.
2. Number of passenger carts—number for each cart—whence and whither.
3. Pack bullocks, donkeys, &c., with other information similar to that under (1).
4. Foot passengers—whence and whither.
5. Animals—do do.
6. Population of the surrounding tract of country within a distance of about 20 or 30, probably 30 miles from the line, is easily ascertained from the census records.

3. For accurate collection and compilation of these statistics, I would propose for the Arsikere-Hassan line the location of three competent Mutsaddis, one at Arsikere, another at Dudda and another at Hassan. The Dudda registers will add to the Arsikere registers the statistics, &c., relating to traffic from Tiptur *via* Gandasi besides being a check on the work of the Hassan and Arsikere Mutsaddis.

4. As regards the line from Hassan to Mangalore, I am not quite sure what tract of country the line would run on; there is the Hassan-Manjangud line; the Bisle Ghat line is just as good or bad as the former, but more circuitous; then there is the line Hassan-Arkalgud-Ramanathpur-Fraserpet-Mercara through the Sampagi Ghat: The nearest of course is the line Hassan-Manjangud-Uppinangadi, Bantwal and Mangalore: If this is to be the line, the Mutsaddis would be stationed at Hassan and Manjangud.

5. Similarly for the Hassan-Mysore line, the registration stations ought to be Hassan, Holé-Narsipur where two roads meet, one from Channarayana and another from Bisle and Arkalgud; Hampapur where the main road is joined to Ramanathpur road; Yedatore, Yelwal and Mysore.

6. The Nanjangud-Erode line would require Mutsaddis at Nanjangud, Santamarhalli and Agara on the borders of the Yelandur Juhgir; Kollegal is only three miles from Agara, or Nanjangud, Channarayana and perhaps on the Hassan Ghat whence Satyamangala is not far.

7. I would strongly recommend these temporary appointments to ensure very accurate information; the pay in most cases might be Rs. 8 excluding stationery which would be supplied by Government. The men might commence work in the busiest season in which case a period of three months would be ample for the collection of statistics; otherwise I would recommend a period of six months. In unhealthy stations, and they are very few, ten rupees might be allowed. The Deputy Commissioners of Mysore and Hassan will be requested to select the men and start work on receipt of Government sanction to this proposal. I would be thankful to Government, if in their opinion any additional information be necessary, to communicate their instructions to me.

- (3). Letter No. 833—2729, dated 6th December 1893, from the Secretary to the Government of Mysore for Railways, to the Chief Secretary to the Dewan of Mysore.

Adverting to your No. 3838—G. 922 of 26th August last, and my No. 736 of 16th October, I have the honor to inform you that the Joint-Secretary for Railways to the Government of Madras, informs me that it is at present impracticable to obtain the services of an Officer of the Revenue Branch of the Indian State Railway Department for purposes of making the required statistical enquiry.

2. It hence becomes necessary that statistics be obtained by State Agency and I am of opinion that the proposals of Mr. Vijayindra Rao to register traffic at certain points should be carried into immediate effect.

*Proceedings of the Government of His Highness the Maharaja of Mysore,  
(General),—dated 9th March 1894.*

3. I would also suggest that District and Taluk Officers be requested to take opportunity of the present Jamahandi season to collect information and statistics, and to facilitate the latter, I will shortly forward you twenty copies of the Southern Mahratta Railway goods classification list as a guide to items of import and export, so that nothing may be overlooked.

4. I would also suggest that the Honorary Secretaries of the North and South Mysore Coffee Associations be asked for information as to annual passage of cooly labor and tonnage of manure and coffee of such estates that are likely to make use of the proposed railways and that Amildars should call on native proprietors for similar information.

5. The proposed lines will pass near the undermentioned towns and villages :—

ORDER THEREON.—Government are of opinion that no extra establishment is wanted for the collection of these statistics. ### DECISIONS OF GOVERNMENT IN REVENUE CASES.

MARCH 1894.

Appeal No. 179 of 1892-93.

| <i>Appellant.</i>                                                                               | <i>Vs.</i> | <i>Respondent.</i>                                        |
|-------------------------------------------------------------------------------------------------|------------|-----------------------------------------------------------|
| Nanjundaiya of Hoskere, Mandya Taluk, Mysore District, (by Mr. Sabhapataiya, Barrister-at-Law.) |            | Naranappa, (represented by Mr. C. Raghavachar, Advocate.) |

*Decision.*—Appellant brought a suit for the recovery of Shanbhogi right in the villages of Kodihalli and Nilvagal, and the Deputy Commissioner dismissed it as barred by the Law of Limitation. The appeal is against this decree.

2. In 1864, Surappa the brother of the Respondent, Devappa the adoptive father of the Appellant, and other sharers requested that the Shanbhogi right might be registered as follows:—

1. Kottanhalli—in the name of Dasappa.
2. Nilvagal—in the name of Devaiya, adoptive father of Appellant.
3. Hoskere—in the name of Surappa, Respondent's brother.
4. 

|                    |                                                  |
|--------------------|--------------------------------------------------|
| (1) Kodihalli      | } in the name of Puttaiya, $\frac{1}{2}$ sharer. |
| (2) Marsinganhalli |                                                  |
| (3) Mudgere        |                                                  |
| (4) Kelgutta       |                                                  |
| (5) Malhalli       |                                                  |

On this, the Deputy Superintendent observed that too many persons could not be registered as Barawarddars, that the registry should be as before, that Respondent's brother Surappa having died, the registry which stood in his name should be transferred to the name of the Respondent and that during his minority the office should be held by Appellant's adoptive father. The registry was accordingly made.

3. The Deputy Commissioner thought that the cause of action arose in 1864, when the Deputy Superintendent refused to recognise Appellant's father as Barawarddar. But the Government observe that the Deputy Superintendent did not say that Appellant's father was not a Hakdar, and that though the Baraward was not made in his name, he continued to do duties in the villages under notice till about 1880 when he died. In his deposition dated 15th April 1884, Respondent admitted that Devaiya did duties till his death, though with his permission and he did not deny that Devaiya was a Hissedar.

4. Under these circumstances, Government consider that the cause of action could only be said to have arisen on the death of Devaiya, who died in about 1880, and the suit which was brought in 1888 was within the time allowed by Law. The Deputy Commissioner will accordingly be requested to take back the case on his file and dispose of it on its merits.

5. Though Appellant's adoption was some time ago established in a Civil case, yet as the Respondent was not a party to that suit, the decree is not conclusive and binding on him and there is nothing to prevent the Deputy Commissioner going into the question again, if Respondent denies the adoption.

## Appeal No. 87 of 1893-94.

*Appellant.**Vs.**Respondent.*

Subbaraya Chetti of Dodda-  
tamandrahalli, Hosur Taluk, Salem  
District, by Mr. S. Narasimma-  
iengar, Advocate.

Kalloji by Mr. D. Venkataramaiya,  
Advocate.

*Decision.*—Appellant's brother, Giriyappa, fell into arrear of Land Revenue due on certain lands in Chikkapaudanahalli in Bowringpet Taluk. His land No. 103 in Settikutahalli attached to Tamatmakahalli in the same Taluk was attached and sold, at which Respondent purchased it for Rs. 35. Appellant complained that though the land nominally stood in his brother's name, he was in actual enjoyment, as it came to his share, and requested that the sale might be cancelled. The Deputy Commissioner called upon him to produce the Partition Deed, but he having failed to do so, he confirmed the sale in January 1893. The appeal is against this.

2. The enquiry held shows that the defaulter Giriyappa had possession of the land sold, but whether it is really so or not, there is no reason why the sale should be cancelled. The land sold was not the land on which the arrear was due, and so it is not the land, but only the right, title and interest of the defaulter in the land that has been sold. The sale will not affect the possession of the Appellant, if he really had it, nor his title, if he has any.

*Proceedings of the Government of His Highness the Maharaja of Mysore,  
(Educational),—dated 2nd March 1894.*

And fourthly, the entire cost of the schools transferred as above to the Educational Department, minus the contributions sanctioned in the preceding para, will be met from the Provincial Educational Budget with effect from 1st July 1894.

3. The contributions to be paid by Municipalities towards the cost of middle English education in Municipal towns will be subject to revision from time to time as Government may think fit.

4. The classes for English instruction in Municipal towns were established by order No. 6308—16, Educational 106, dated Bangalore, 25th January 1881. In para 4 of this order Government was pleased to express a hope that arrangements would be made for treating the service of English Masters appointed for Taluk Schools as Government service. On a re-consideration of this order and in view of the fact that all the existing Municipal English Schools or classes will be amalgamated with the Taluk Vernacular Schools and converted into Government Institutions from the 1st July 1894, Government is pleased to order as a special case which shall not be taken as a precedent in future, that the services of teachers in Municipal English Schools shall be considered from the date of their employment in the Municipal Schools to be pensionable from the Provincial Funds.

H. J. BHABHA,  
Secretary.

To—The Comptroller.  
The Deputy Commissioners of Districts.  
The Deputy Inspectors of Schools.

C. No. 328, DATED 19TH MARCH 1894.

ORDER.—The Government of Mysore has been pleased to make the following Rules defining the duties of the Board for the management of the Civil Service Examination of 1894:—

1. The Board will help the Government to frame the Regulations for the Competitive Examination.

2. The Board will appoint Examiners from the best specialists whose services can be obtained from any part of India within easy distance from Bangalore. Members of the Board may be appointed Examiners.

3. At least two Examiners will be appointed for each group of subjects. The Compulsory subjects shall be arranged in two groups, the Essay and the Prescribed Book or Books forming one group, and English Language and Literature the other. Each Optional subject will form a group by itself.

4. The Board will discuss and approve of the papers drawn up by the Examiners and will have the power to make such alterations as may seem necessary either independently or in consultation with the Examiners.

5. The Board will perform the functions of Moderator. It will have the power of raising or lowering uniformly the marks obtained by candidates in any paper or group of papers or in a *visà voce* or practical Examination after consulting the Examiners. This discretion will be exercised by the Board chiefly for the purpose of equalizing the standard of the examinations in the different Optional branches.

6. The Board will fix an adequate scale of remuneration for Examiners.

7. In all matters not provided for in these rules, the President of the Board will have the discretion to act on his own responsibility or with the concurrence of the Board.

H. J. BHABHA,  
Secretary.
